Who is eligible?

Students: All International F1 and J1 visa status students or scholars enrolled on the main campus are required to purchase this insurance plan. A person who is an immigrant, permanent resident alien or U.S. Citizen is not eligible for coverage. Students must actively attend classes on campus for the first 45 consecutive days after the effective date, except for school-authorized breaks. Remote courses such as home study, correspondence, and online courses do not fulfill this requirement. A once per lifetime medical withdrawal exception may be granted to students on school approved medical leave during the first 45 days of coverage. If it is determined that eligibility requirements have not been met, our only obligation is to refund premium, less any claims paid.

Visiting Scholars, Short-Term Participants and OPT Students may enroll in the Plan on a voluntary basis. OPT students may purchase a maximum of 12 consecutive months of coverage from the OPT effective date. OPT extension coverage beyond 12 months is not allowed. Enrollment must be completed within 30 days of the expiration of prior coverage on the schools' student health insurance plan. A gap in coverage is not allowed. A copy of a valid EAD or OPT application or receipt (I-765 or I-797c) is required to enroll.

Enrollment

Eligible students may enroll in the insurance plan online at www.jcbins.com or by calling customer service at (714) 923-1325. Please refer to the Coverage Periods section of this document for coverage dates.

Exception: A Covered Person entering the armed forces of any country will not be covered under the Policy as of the date of such entry. A pro rata refund of premium will be made for such person, and any covered dependents, upon written request received by Aetna within 90 days of withdrawal from school.

If you withdraw from school within the first 45 days of a coverage period, you will not be covered under the Policy and the full premium will be refunded, less any claims paid. After 45 days, you will be covered for the full period that you have paid the premium for, and no refund will be allowed. (This refund policy will not apply if you withdraw due to a covered Accident or Sickness.)

Dependent Coverage

Eligibility

Covered students may also enroll their lawful spouse, domestic partner (same-sex, opposite sex), and dependent children up to the age of 26.

Enrollment

To enroll the dependent(s) of a covered student, please enroll online by visiting www.jcbins.com. Please refer to the Coverage Periods section of this document for coverage dates and deadline dates. Dependent enrollment applications will not be accepted after the student enrollment, unless there is a significant life change that directly affects their insurance coverage. (An example of a significant life change would be loss of health coverage under another health plan or birth of a child.

Important note regarding coverage for a newborn infant or newly adopted child:

Your newborn child is covered on your health plan for the first 31 days from the moment of birth.

- To keep your newborn covered, you must notify us (or our agent) of the birth and pay any required premium contribution during that 31 day period.
- You must still enroll the child within 31 days of birth even when coverage does not require payment of an additional premium contribution for the newborn.
- If you miss this deadline, your newborn will not have health benefits after the first 31 days.
- If your coverage ends during this 31 day period, then your newborn‘s coverage will end on the same date as your coverage. This applies even if the 31 day period has not ended.
- A child that you, or that you and your spouse, domestic partner (same sex, opposite sex) adopts or is placed with you for adoption, is covered on your plan for the first 31 days after the adoption or the placement is complete.
- To keep your child covered, we must receive your completed enrollment information within 31 days after the adoption or placement for adoption.
- You must still enroll the child within 31 days of the adoption or placement for adoption even when coverage does not require payment of an additional premium contribution for the child.
- If you miss this deadline, your adopted child or child placed with you for adoption will not have health benefits after the first 31 days.
- If your coverage ends during this 31day period, then coverage for your adopted child or child placed with you for adoption will end on the same date as your coverage. This applies even if the 31day period has not ended.

If you need information or have general questions on dependent enrollment, call Member Services at 1-877-480-4161.

Medicare Eligibility Notice

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

Termination and Refunds

Refunds

All refund requests must be sent to the University who will confirm nonstudent status with JCB, and submit the refund request on behalf of the student. Only refunds submitted by the University before the refund deadline will be considered. Credit card refunds must be requested and processed within 120 days of the date of purchase and before the refund deadline. No refunds will be considered after the refund deadline. All refunds will be processed back to the original form of payment only, no exceptions. All refunds will be assessed a $35 processing fee. Please allow 30 business days for us to receive and process the refund request, then an additional 3-5 business days to receive the refund from your financial institution. Pro-rated/partial refunds are not allowed.

NOTE: You can check to see if your return has been processed by logging in to your JCB account.

In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, there is a $500 penalty for each type of eligible health service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to www.aetnastudenthealth.com.

Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring precertification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to **www.aetnastudenthealth.com.**
