

Aetna Student Health Plan Design and Benefits Summary Open Choice PPO

# IEC @ OCC ESL Students

Policy Year: 2022–2023 Policy Number: 686183 www.aetnastudenthealth.com (877) 480-4161

This is a brief description of the Student Health Plan. The plan is available for IEC @ OCC students. The plan is insured by Aetna Health and Life Insurance Company (Aetna). The exact provisions, including definitions, governing this insurance are contained in the Certificate issued to you and may be viewed online at <u>www.aetnastudenthealth.com</u>. If there is a difference between this Plan Summary and the Certificate, the Certificate will control.

## **Student Health Services**

The Student Health Center is the college's on-campus health facility. Staffed by Physicians, Registered Nurses and Licensed Therapists, please check the school website for hours of operation.

The Student Health Center is located on campus between Watson Hall and the gymnasium (facing Fairview Road in parking Lot A).

For more information, call the Student Health Center at (714) 432-5808. In the event of an emergency, call 911 or the Campus Police at (714) 432-5555.

## **Coverage Dates and Rates**

Coverage for all insured students will become effective at 12:01 AM on the Coverage Start Date indicated below, and will terminate at 11:59 PM on the Coverage End Date indicated.

## Who is eligible?

Students: All International F1 and J1 visa status students or scholars enrolled on the main campus are required to purchase this insurance plan. A person who is an immigrant, permanent resident alien or U.S. Citizen is not eligible for coverage. Students must actively attend classes on campus for the first 45 consecutive days after the effective date, except for school-authorized breaks. Remote courses such as home study, correspondence, and online courses do not fulfill this requirement. A once per lifetime medical withdrawal exception may be granted to students on school approved medical leave during the first 45 days of coverage. If it is determined that eligibility requirements have not been met, our only obligation is to refund premium, less any claims paid.

Visiting Scholars, Short-Term Participants and OPT Students may enroll in the Plan on a voluntary basis. OPT students may purchase a maximum of 12 consecutive months of coverage from the OPT effective date. OPT extension coverage beyond 12 months is not allowed. Enrollment must be completed within 30 days of the expiration of prior coverage on the schools' student health insurance plan. A gap in coverage is not allowed. A copy of a valid EAD or OPT application or receipt (I-765 or I-797c) is required to enroll.

## Enrollment

Eligible students may enroll in the insurance plan online at www.jcbins.com or by calling customer service at (714) 923-1325. Please refer to the Coverage Periods section of this document for coverage dates.

Exception: A Covered Person entering the armed forces of any country will not be covered under the Policy as of the date of such entry. A pro rata refund of premium will be made for such person, and any covered dependents, upon written request received by Aetna within 90 days of withdrawal from school.

If you withdraw from school within the first 45 days of a coverage period, you will not be covered under the Policy and the full premium will be refunded, less any claims paid. After 45 days, you will be covered for the full period that you have paid the premium for, and no refund will be allowed. (This refund policy will not apply if you withdraw due to a covered Accident or Sickness.)

## **Medicare Eligibility Notice**

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

## **Termination and Refunds**

#### Refunds

All refund requests must be sent to the University who will confirm nonstudent status with JCB, and submit the refund request on behalf of the student. Only refunds submitted by the University before the refund deadline will be considered. Credit card refunds must be requested and processed within 120 days of the date of purchase and before the refund deadline. No refunds will be considered after the refund deadline. All refunds will be processed back to the original form of payment only, no exceptions. All refunds will be assessed a \$35 processing fee. Please allow 30 business days for us to receive and process the refund request, then an additional 3-5 business days to receive the refund from your financial institution. Pro-rated/partial refunds are not allowed.

NOTE: You can check to see if your return has been processed by logging in to your JCB account.

## **In-network Provider Network**

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

## Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your innetwork physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, up to a \$500 penalty for each type of eligible health service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to www.aetnastudenthealth.com.

## **Precertification Call**

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring precertification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

## **Coordination of Benefits (COB)**

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

## **Description of Benefits**

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to **www.aetnastudenthealth.com**.

- As out-of-network providers do not have a contract with us the provider may not accept payment of your cost share, (copayment/coinsurance), as payment in full. You may receive a bill for the difference between the amount billed by the provider and the amount paid by this plan. If the provider bills you for an amount above your cost share, you are not responsible for paying that amount. You should send the bill to the address listed on the back of your ID card, and we will resolve any payment dispute with the provider over that amount. Make sure the ID card number is on the bill.
- A separate hospital emergency room copayment/coinsurance will apply for each visit to an emergency room. If you are admitted to a hospital as an inpatient right after a visit to an emergency room, your emergency room copayment/coinsurance will be waived and your inpatient copayment/coinsurance will apply.
- Covered benefits that are applied to the hospital emergency room copayment/coinsurance cannot be applied to any other copayment/coinsurance under the plan. Likewise, a copayment/coinsurance that applies to other covered benefits under the plan cannot be applied to the hospital emergency room copayment/coinsurance.
- Separate copayment/coinsurance amounts may apply for certain services given to you in the hospital

emergency room that are not part of the hospital emergency room benefit. These copayment/coinsurance amounts may be different from the hospital emergency room copayment/coinsurance. They are based on the specific service given to you.

• Services given to you in the hospital emergency room that are not part of the hospital emergency room benefit may be subject to copayment/coinsurance amounts.

The outpatient prescription drug copayment will not apply to female contraceptive methods when obtained at an in-network pharmacy.

This means that such contraceptive methods are paid at 100% for:

- All FDA approved contraceptive prescription drugs and devices, including over-the-counter (OTC) contraceptive prescription drugs and devices. Related services and supplies needed to administer covered devices will also be paid at 100%.
- A therapeutic equivalent prescription drug or device when a prescription drug or device is not available or is deemed medically inadvisable by your provider when you are granted a medical exception.

The certificate of coverage explains how to get a medical exception.
