Student Coverage

Who is eligible?

International students and Visiting Scholars are automatically enrolled in this insurance plan at registration unless proof of comparable coverage is furnished. International Students engaged in Practical Training are eligible and may enroll in this insurance plan on a voluntary basis.

Enrollment

Eligible students will be automatically enrolled in the Plan. Students that are eligible to enroll in the insurance plan on a voluntary basis may enroll online at www.jcbins.com or by calling customer service at **(206) 201-0291**.

Once eligibility requirements have been met for the first 45 days of coverage, coverage will remain in force during the period for which premium has been paid, even if the student leaves school or obtains other coverage or has a change in status. Refunds will ONLY be considered during the first 45 days of coverage and ONLY for students who drop out of school or enter full-time active duty military service. Approval is subject to verification that no medical claims were filed or paid during the coverage period. No other refunds will be granted. All refund requests should be sent to the University, who must confirm the student status with JCB Insurance Solutions and submit the refund request on behalf of the student. All refunds will be assessed a \$35 processing fee.

Important note regarding coverage for a newborn infant or newly adopted child:

A newborn child or grandchild-Your newborn child or grandchild is covered on your plan for the first 60 days after birth

Medicare Eligibility Notice

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

In-network Provider Network

Aetna Student Health offers Aetna’s broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan’s benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to www.aetna.com.

Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring precertification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to www.aetnastudenthealth.com.

This Plan will pay benefits in accordance with any applicable Washington Insurance Law(s).
